

# LITTLE ROCK SIGN CONWAY SIGN

## *Five Step Process*

### CONSULTATION

Give us a call to discover your needs. We can help you evaluate design, location, size, and budget, execute site assessment, and discover other possible requirements.

1

### CONCEPTS+ MARKUPS

In this step, we generate design concepts, materials, and estimated costs. Then, we propose it to you to ensure it aligns with your vision.

2

### OBTAIN A PERMIT

Once our proposals are approved by you, we obtain the proper permits to install your sign. This is to make certain your sign is safe and compliant with state and local laws.

3

### MANUFACTURING

Based on approved designs and specifications, we will manufacture the sign you desire. This step can include material procurement, cutting and shaping, assembly, etc.

4

### INSTALLATION

Upon installation, we ensure that the sign is carefully lifted, positioned, leveled, and secure. Then we test to confirm electrical components function properly, implement safety measures, and conduct final inspections to make sure the signage meets ALL your standards.
